Hidraulička potopna pumpa

Hydraulic submersible pump

DABAL d.o.o.
OPREMA

LSI pumpa nudi visoku učinkovitost i izvanrednu svestranost zahvaljujući radu hidrauličkog motora. Potopni hidraulički motor, pogonjen hidrauličkim sustavom radnog stroja, omogućuje razne primjene uz održavanje izuzetno kompaktnih dimenzija pumpe.

LSI pump offers high efficiency and great versatility thanks to hydraulic motor drive. The submersible hydraulic motor, powered by the hydraulic system of the operating machine, allows various applications keeping the dimensions of the pump extremely compact.
